No.____/A/2/Circular/Engg/17

दिनांक / Dated:- 12-09-2017

CIRCULAR / परिपत्र

In view of the recent allotment of various drilling stores to different regions of GSI, it is hereby brought to the notice of the concerned officers who are further allotting these stores to respective field units of the regions, that fresh store should invariably be allotted only after assessing the existing stock of the field units, prospective borehole depths, condition of stores at field etc. In case of allotment of drill rods, entire string should be replaced while making allotment to any particular drill unit. The regional drilling heads are hereby advised to closely monitor the allotment of tubular stores and other drilling accessories.

Whenever, an allotment to field unit is made, the existing serviceable stock position and tentative borehole depth should clearly be mentioned in the allotment order and a copy should be endorsed to CHQ for record.

This is for strict compliance.
